Over the last year and half, Techsearch have been working closely with us in supplying temporary engineering cover and also in supplying permanent engineering and managerial positions.

We have found Techsearch to be professional, and timely in all our dealings with them. We find that they have a very good understanding of our needs and are able to provide us with the right calibre of people at all times.

I would have no hesitation in recommending Techsearch to other companies that require high quality temporary and permanent staff.

Finally, I would like to thank the staff at Techsearch for their professional and friendly service and look forward to the continuation of our partnership."
