06/11/2005

After yet another successful placement here at Princes Soft Drinks I would like to offer my heartfelt thanks for the support that you and the team at Techsearch have shown over the past couple of years.

You ability to select the right candidates with such specific requirements for skills and attitude continues to impress me especially under the short timescales. You have constantly shown a level of commitment to provide us with the right person with the right skill set and the right attitude, of which you have done on numerous occasions.

The relationship I have built up with Techsearch is a testament to the professional and positive attitude shown by yourself and your team. I look forward to the continuation of our business partnership and feel with confidence that Techsearch can provide the service that satisfies all present and future developments with the Princes business.

Once again thanks for all you hard work, because of the support you and your team have shown I have no problem in recommending Techsearch to any future clients.

Kind Regards,

Simon Wood

Manufacturing Manger
