I would like to take this opportunity to offer my thanks to you and the resourcing team at Techsearch for your on going support and added value service over the past couple of years.

As a preferred supplier, the service both yourself and Techsearch provide is first class. You have consistently shown commitment to our business to find effective recruitment solutions within tight timescales. Moreover, the quality of service and shortlisted candidates has been impressive.

You have consistently outperformed against the criteria set within our service level agreement and have provide a wide range of skill sets. (Production, Technical and Engineering Management, Process and Project Engineering) to meet our (very!) specific requirements. In addition, the proactive recruitment services you have provided including advertised selection, database for contract or interim professionals and traditional 'head hunting', have offered a wholly comprehensive service.

Once again I would like to thank you for your professional and friendly service and look forward to the continuation of our business partnership. I would have no hesitation in recommending Techsearch to futures Client.

Kind Regards

Dan Bethell
Human Resources Manager
